

We're looking for Accounting Consultants

Take the opportunity to learn and grow to your full potential...

Fusionworks is a client-centric consulting firm based in San Juan, Puerto Rico that offers you the opportunity to learn and grow to your full potential while collaborating with a team of individuals of all levels of expertise. We work in teams that are agile, efficient and focus on excellence. The pace is fast, the work is stimulating, leadership is a must and innovation is expected.

Here at Fusionworks, we recognize the importance of retaining our talented team of individuals and that's why we are committed to making Fusionworks a great place to work. It's our people that allow us to stay ahead of the competition.

We believe in providing our clients business consulting services that add value by improving their business process and the quality of information they use to make decisions. We bring together business knowledge and technology expertise to create robust solutions for our clients.

We are currently expanding our Accounting Consulting team with people who share our passion for implementing, customizing and supporting high quality business solutions.

Specifically, the Accounting Consultants will be accountable for:

- Participating in every aspect of the ERP solution implementation from analyzing the client's business requirements to configuring the application to meet the client's needs.
- Collaborating with stakeholders throughout the organization to ensure a comprehensive set of requirements, aligned to business objectives and gaining full understanding of current business processes.
- Providing in-depth knowledge of the ERP application and evaluating the client's business processes against the standard ERP functionality.
- Configuring and customizing the ERP application to achieve the client's business requirements.
- Conducting acceptance testing and training client's resources to successfully use and maintain the application.

The ideal candidate for this role will have a Bachelor's degree in Accounting/Finance, 3+ years of experience in accounting and successful ERP software implementation, preferably with the latest versions of Microsoft Dynamics GP or Oracle ERP. Expert level knowledge of Financials and Payables solutions, and knowledge of quality assurance best practices and methodologies. Exceptional written/oral communication and presentation skills.

In addition to the above responsibilities and requirements, the successful candidate must align well with our very defined, active, and dynamic organizational culture. Must be flexible and a team player. We are a

company with a passion to help solve client's problems by maximizing their business process in a collaborative dynamic environment and we seek team members that are ready for a significant change and the opportunity to help shape our company today and help us build the future.
