

Internal Auditor Triple S Management

Triple S Management is seeking an internal auditor to join our dynamic team. We offer a stimulating environment characterized by complex operations and rapid innovation. The successful candidate will play a vital role in assessing risks, evaluating controls, and ensuring compliance in areas such as data security, privacy, and regulatory requirements. This position not only offers the chance to make a significant impact but also presents excellent opportunities for personal and professional growth. In this fast-paced, collaborative setting, new challenges emerge regularly, providing a platform for continuous learning. If you thrive in a dynamic environment and are passionate about contributing to organizational success, we encourage you to apply.

As an Internal Auditor, you'll conduct thorough audits across various departments within the Triple S organization to ensure compliance with corporate operational practices and controls. You'll identify, evaluate, and discuss risks and controls with supervisors and clients, design audit programs, execute audit objectives, and test controls. You'll complete detailed reports on interventions and monitor the implementation of recommendations. Additionally, you'll perform risk assessments, guide staff on controls and responsibilities, and report changes in internal controls. You will also be collaborating with external auditors during financial audits. Collaborating with external auditors during financial audits. Other duties as assigned by management will also be part of your role.
